Just got to the cabin. Service sucks

Going to the lake for a bit with the fam

Ok

Call me when you can

Ok

Wanna bring you up to speed

Either She's dissolving Espire to do this with us or leaving it with cutting us in to Espire

Wanna discuss so just call when you have service

Wow

Ya she's super scared

Great time for us

Rather have her than Ryan lol

Yea

I mean if she cuts us in immediately it shows she's willing to drop her situation for us

But I told her this is an open book partnership and I need you to be confident as much as I am for it to work

And I also told her that if this happens I need full transparency
